

BITTER ROW OVER MUTINY

Reichstag Furious at Von Capelle's Accusation

DENY FOMENTING
NAVAL OUTBREAK

The Charges Are Branded
as Mere Political
Trickery

Boston, Oct. 12.—Reports of mutiny in the navy, accusations by Vice Admiral Von Capelle that members aided and abetted it, and peace utterances by Michaelis and Kuehlmann, have created such a storm in the Reichstag as has not been seen for many years, says the Boston Transcript war expert. Vorwaerts, the Socialist organ, characterizes it as a scandal and resents the imputations made by the naval commander. It is not improbable, German political observers point out, that Chancellor Michaelis in using the plot in the navy as a political weapon against the party of the extreme left in the Reichstag, has sowed the seeds of his own downfall. Results are not to be expected immediately, as the Reichstag adjourns this week, but the new conditions of German political life, it is contended, will undoubtedly from now on work against Von Bethmann-Hollweg's successor. The immediate results of the disclosures of Chancellor Michaelis and Vice Admiral Von Capelle have been that the government Socialists have been driven into complete opposition and into alignment with the radical Socialists; that the followers of Philipp Scheidemann have delivered a formal declaration of war against the government until Chancellor Michaelis has been removed from office, and that

GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

At the cost of a small jar of ordinary cold cream, one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands.—Adv.

Skin trouble costs many a man his job

No matter how efficient a man may be, if he has an ugly skin-eruption, there are positions in which he cannot be tolerated. He may know that it is not in the least contagious, but other people are afraid, they avoid him, and he must make way for a man with a clear, healthy skin. Why run this risk, when

the radicals, the members of the Centre and even the National Liberals have criticized and condemned the Michaelis-Capelle move as one which ought not to have been made unless the government had full, adequate proof of the complicity of the three radical Socialists in an actual conspiracy to mutiny—proof which they evidently believe the government will be able to produce. The three Socialists made a great play of the fact that the government had made no attempt to bring them to trial before or after the court-martial at Wilhelmshaven on Aug. 30, and they argued that the crown prosecutor would not have missed such an opportunity if he had any evidence upon which to convict them. This argument evidently appeals to all but the conservatives, and it has dictated the attitude of a large share of the press which, despite dislike for the radical Socialists, takes the stand that Chancellor Michaelis misused the affair for political capital. Drafting men from the German navy for submarine service may have caused the recent mutiny, in the opinion of Arthur Pollen, a leading British writer on naval affairs. When the U-boat campaign to starve England began in the spring of 1915, Germany had no difficulty in obtaining volunteers from the merchant service and elsewhere to operate the submarines. The measures taken by the British admiralty to combat this new menace was so effective that, according to Mr. Pollen, the losses by Teuton submarines were very formidable, probably 50 per cent. The result naturally was that volunteering dropped off and the German naval command had to turn to the imperial fleet. Secret reports from the fatherland, says Mr. Pollen, have for a long time conveyed the impression that sooner or later the personnel would recoil from the task set to the underwater fleet, not of course, on account of its frightfulness, but because of the heavy loss of life to the Teutons. Hence the outbreak.

MAYOR HELD IN MURDER QUEST

Philadelphia's Chief Executive Must Answer to Grand Jury on Serious Charges

RESULT OF EIGHT-
DAY HEARING

Eight Codefendants Are
Also Held—Mayor's Bail
Is Fixed at \$10,000

Philadelphia, Oct. 12.—In the fifth ward political murder trial yesterday Mayor Thomas B. Smith was held by Judge Brown of the municipal court in \$10,000 bail to await action by the grand jury on six charges involving misbehavior in office, contempt of court in refusing to produce certain documentary evidence, conspiracy to violate the election law forbidding city employees from participating in politics, conspiracy to commit assault and battery, conspiracy to commit aggravated assault and battery and conspiracy to commit murder.

William B. Finley, a city official and leader of the mayor's faction of the Republican party; Isaac Deutsch, a member of councils, and David Bennett, a police lieutenant, were held in \$10,000 bail on the four latter charges. Five policemen accused of thuggery were held in \$5,000 bail each on the same four charges.

In holding the defendants Judge Brown said: "I agree with James Gay Gordon, chief prosecuting counsel representing the district attorney, that Mayor Smith is the chief and prime malefactor in the murder conspiracy and the disgrace which the country has witnessed."

James Searlet, representing the defense, said that, being firmly of opinion that the court is without jurisdiction, the defense had no statement to make.

RUSSIAN CABINET PROCLAIMS POLICY

New Ministry of the Provisional Government Pledges Full Support to Allies.

Petrograd, Oct. 12.—In a proclamation issued by the new cabinet yesterday the provisional government pledged its support with its entire strength to the cause of the allies, to oppose vigorously every attempt at the conquest of territories belonging to other nations and all attempts to impose their will on Russia.

The proclamation expresses the desire of the Russian provisional government to participate in perfect concord with the allies at the forthcoming conference at Paris, where the Russian delegates will seek to persuade their allies to adopt a common peace policy.

In outlining its domestic and reform policy the proclamation pledges the cabinet to fix prices of necessities, regulate on a social and democratic basis the relations of capital and labor, develop co-operative distribution of foodstuffs and increase production.

The government will also impose a progressive tax on war profits, special taxes on luxuries and increase all indirect taxes of property. The introduction of state monopolies of the most developed industries is also part of the program.

TEACHING THE NEW SOLDIERS

Intrusted to Great Military
Schools to Be Estab-

WILL CUT DOWN PREP-
ARATION ABROAD

Work Carefully Mapped Out
for the Soldiers in the
Various Camps

Washington, Oct. 12.—Courses for the great military schools at divisional training camps have been mapped out as carefully as are those of high schools or colleges.

The whole scheme of the 16-week course, to its minutest detail, is based on what General Pershing and his officers already have learned on the other side. It will be varied as new lessons are learned at the fighting front. The plan is calculated to produce infantry divisions uniformly organized, equipped and trained.

It will cut down materially the training time abroad. For the first five weeks the men will learn all about the mechanism of the rifle, the theories of windage, elevation and the like. With the sixth week they will begin spending 16 hours a week at target practice. While one platoon or company is firing, the others will be at work estimating distances to train their eyes, studying the use of fire control instruments, range finders and observers' glasses.

The sample schedule shows a full day of work from 7:30 a. m. to 4:40 p. m. except on Wednesday and Saturday, when the men will be allowed to do as they please after 1 p. m. Saturday morning is inspection day when all the work covered will be reviewed and individuals or units be measured by higher officers for efficiency. If below standard they will lose their afternoon leisure until they catch up.

Selection of men for special duties will not be made until the 11th week. Up to that time courses will all be the same. Then the platoons will be picked over and the bombers, rifle grenadiers, snipers,

KEET WITNESS TELLS
OF KIDNAPING CHILD

Claude Piersol Is Accused of Being the
Brains of the Conspirators.

Marshfield, Mo., Oct. 12.—Damaging testimony was given by witnesses for the state against Claude Piersol, who is on trial here for the abduction and death of Baby Lloyd Keet last May. The state expects to prove that Piersol was the brains of a carefully planned kidnapping conspiracy. Dick Carter, against whom a conspiracy charge is pending, when on the stand said that he had plotted with Piersol five months before the kidnapping to keep hostages for ransom in the old Piersol home in the country outside of Springfield.

Another witness testified that on the day after the child's disappearance when passing the Springfield home she heard a child crying. No children lived anywhere in the neighborhood.

The ground keeper of the Springfield club testified that on the night the child was stolen Piersol and two unidentified men and a woman drove into the club grounds just after the parents of the child arrived to attend a reception. The party then drove away cursing the elder Keet. Many other witnesses gave damaging testimony against Piersol.

Handwriting experts were called yesterday in an effort to identify the handwriting in two letters demanding money from the Keets.
